

Our mission, vision and values

Our mission

Support the Ministry of Defence, Public Administrations and International Institutions in areas of technological and strategic interest, offering services of the highest quality in consulting, engineering, and in the management, technical operation and maintenance of space complexes.

Our vision

Move forward as a leading multidisciplinary consulting and engineering company, developing innovative, high-quality, economically and socially profitable projects.

Our values

Independence

Our unique purpose is to always defend the interests of the Spanish Administration against any type of industrial, commercial or economic constraint.

Proactivity

We anticipate needs, creating innovative solutions.

Global vision

We are a multidisciplinary organisation, with a workforce with a hugely diverse skillset, which as a whole provides comprehensive coverage of our services.

Commitment

We are committed to both the public bodies to whom we provide services, as well as to our employees and the rest of society, through a work methodology based on ethics and professionalism.

Experience and knowledge

Our activity is based on exploiting the know-how obtained through 35 years of providing services, offering efficient solutions.
